

UNCLE SAM'S NEW TWO MAN SUBMARINE CAN TRAVEL 200 MILES WITHOUT COMING UP FOR AIR

The men in the picture are the entire crew of Uncle Sam's newest submarine. The American two-man submarine invention may revolutionize this type of vessel, naval experts say. But because it isn't large don't get the idea it's a plaything. It can stay under water 72 hours and can travel close to three miles an hour submerged. In other words, it can dive and travel approximately as far as from Washington to Pittsburgh before coming up. You can see for yourself men have little room for their "setting up" exercises. It is submerged by means of pumps—in a few minutes.

GOLD STAR FOR ONE
KILLED IN ACTION

Window Glass Company to
Fly the First One in
Fairmont.

The Fairmont Window Glass company will soon place in position on the plant a service flag which will bear seven blue and one gold stars in its center. The gold star will represent a former employee of the company who died while in service and the remaining blue stars represent men who were employees of the plant who are now in the United States service.

The company recently received word that John Bastly who was until recently employed at the plant and who left here 18 months ago to enlist in the Italian army had been killed while in service. The communication was received by Jack Fantl a fellow worker with Bastly and was written by a brother of the dead man.

The Window Glass company has two former employees in service in the Italian army, one in the Belgian army, one in the aviation corps in France and three in United States training camps.

While the flag was in the course of the making and the news came of the death of Bastly immediate inquiry was made as to what kind of a star should be placed for him. The reply came that a gold star should be used to designate one who had given his life in the service.

The service flag will when completed bear stars for the following:
August Fawcett, D.D.S., 231 Chestnut street, Fairmont, Pa.
John Bastly, Italian army (deceased).
Steve Chianca, Franco.
Charles Lamberton, recently transferred from Camp Lee, Petersburg, Va., to Company A, First New Hampshire Infantry, Camp Green, Charlotte, N. C.

Jesse Sheekelford, aviation camp, Waco, Texas.
Carl West, aviation corps, France.
Vern Weible, Camp Lee, Petersburg, Va.

To Stop a Persistent,
Hacking Cough

The best remedy is one you can easily make at home. Cheap, but very effective.

Thousands of people normally healthy in every other respect, are annoyed with a persistent hacking-on-bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

Get from any drugstore "2½ ounces of Pinex" (60 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Begin taking it at once. "Rapidly but surely you will notice the hacking cough ending. It's all so simple, and you never thought of it. It also promptly loosens a dry or tight cough, stops the troublesome throat tickle, soothes the irritated membranes that line the throat and bronchial tubes, and relief comes almost immediately. A day's use will usually break up an ordinary throat or chest cold, and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better. It tastes pleasant and keeps perfectly.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and is used by millions of people every year for throat and chest colds with splendid results. To avoid disappointment, ask your drugstore for "2½ ounces of Pinex" with full directions and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded goes with this preparation. The Pinex Co., St. Thomas, Ind.

A WELL KNOWN WOMAN

It is The Same Story Everywhere.

Parkersburg, W. Va.—"Having a sister-in-law in Silver Creek, N. Y., who had been benefited by Dr. Pierce's Favorite Prescription I was induced to take it for trouble peculiar to women. It did me great good and I shall always have great faith in it."—Mrs. R. A. WHITE, Green St. Parkersburg, West Va.

Waynesboro, Va.—"I had suffered intensely with my back. I had backache for years. Had a doctor for it but he was unable to help me. Then I used Favorite Prescription. I had learned of it through the papers. The use of one bottle relieved me and I was surprised that I was cured. I have had no return of the trouble and I give all the credit to Dr. Pierce's Favorite Prescription."—Mrs. ELLA JOHNSON, Arch Avenue.

Every woman who has reason to believe that backache, headache, unnatural pains, low spirits, sleepless nights, irregularities or a catarrhal condition is caused by a derangement of the womanly functions, owes it to herself and dear ones to speedily overcome the trouble before a general breakdown causes permanent prostration.

The chief diversion of the evening was dancing, excellent music being furnished by the orchestra, during which time punch was dispensed to the guests.—Parkersburg News.
